PRESS RELEASE

LAFAYETTE PARISH 911 EARNS CALEA REACCREDITATION

Lafayette Parish 911 has been recognized as an elite organization adhering to professional excellence in all operational and administrative functional responsibilities by the Commission on Accreditation for Law Enforcement Agencies (CALEA) in Bellevue Washington on November 11th, 2023.

Lafayette Parish 911 is one of only two parish 911 centers in Louisiana to become fully accredited.

During the four-year assessment period, Lafayette 911's policies and procedures, management, operations and support services were reviewed by outside CALEA assessors to ensure that they were in compliance with all CALEA standards. There were no issues found by the assessors during this period.

CALEA accreditation lasts for four years, at which time Lafayette 911 will again be assessed for compliance with the CALEA standards.
