

Lafayette Parish Communication District

1810 W. Willow Street, Scott, Louisiana 70583 (337) 291-5060

July 13, 2022

The Lafayette Parish Communication District has been awarded the [ESRI Special Achievement \(SAG\)](#) in GIS award. This is an international award given for innovative GIS (Geographical Information Systems) solutions that solve real world issues. Annually, there are approximately 100,000 businesses/public safety agencies nominated for this award and only 200 agencies receive the award.

With geographic information system (GIS) mapping software, public safety agencies gain a deeper understanding of where to focus efforts. With real- time data-driven insights aiding mission-critical decisions, departments can respond to keep communities safe. These organizations which are presented this award set new standards throughout the GIS community.
