## Lafayette Parish Communication District receives 2025 Technology Leadership Award

In recognition for outstanding innovation and commitment to public safety, the Lafayette Parish Communication District received the 2025 Technology Leadership Award at the 2026 Louisiana APCO/NENA Symposium which was held April 27-29, 2026 in Bossier City, Louisiana.

The Lafayette Parish Communication District was honored for implementing advanced indoor mapping technology to enhance emergency response. Through the integration of ArcGIS Indoors into their CAD system, the District provided first responders with detailed, floor-level visibility of school campuses, significantly improving situational awareness and response efficient. This initiative strengthened school safety, supported compliance with state mandates, and exemplified forward-thinking leadership in emergency communications.
